PRODUCT DESCRIPTION

Manufactured by the German company AEG, this panel offers higher efficiency and a longer warranty than standard 450 Wp panels. It guarantees functionality for 15 years and performance maintenance for 25 years. AEG solar modules combine top technology with high manufacturing reliability, which guarantees optimal performances. The AS-M1444Z-H(M6)-450/HV-450 solar panel is designed to achieve maximum efficiency and generate additional revenue, increasing the overall performance of your solar power plant. A thorough selection of individual components (cells, backsheet and frame) ensures not only a first-class appearance, but also a higher aesthetic value.

Weight - 24 kg.

This product cannot be purchased separately!
